We are a family run business serving your local area, that prides itself in combining a keen price, quality, honest workmanship and a friendly, trustworthy personal service that is not generally found nowadays.

We have combined our skills in engineering, electrics and building to offer all round bespoke quality units which has become our passion.

**Increase your home value by having a dedicated room to expand your home business or hobby!**

**Your home garden room can easily add £20,000 to the value of your property and increase the salability.**

**Properties, with existing quality, office space are in high demand.**

### **Testimonial:**

*"The insulated garden cabin we had erected by Southwicks has provided us with a much needed space away from the house which has provided us with an excellent work room/office .We are absolutely delighted with the room . The room has been built to a very high standard both externally and internally. We have been really impressed with not only the amount of insulation, but the many extras that are included in the price of this garden office.*

*Southwicks from the very start to the completion of the project have provided us with a friendly ,efficient service. If anyone is considering an insulated garden logroom ,we would not hesitate in recommending Southwicks."*

**M Drayson, Waterlooville**

**P.S. Don't forget to enquire about our competitive landscaping. Such as Pergolas, Patios, Lawns, Fencing, Paving, Decking and more.**
